

# **"Web Services in Healthcare - Where do we go from Here?"**

**Thursday & Friday, 25&26 May 2006**

**Stamford Plaza Sydney Airport Hotel, Cnr O'Riordan & Robey Streets, Mascot, Australia**

*Dear Colleagues,*

*Welcome to the 10<sup>th</sup> Conference of HL7 Australia!*

"Web Services" and "Service Orientated Architecture" are new buzz words in the health IT space. They look like the new directions for health communications and are one form of communication protocols to enable interoperability between electronic Healthcare Systems.

HL7 Australia is convening a two-day conference on "Web Services in Health – Where do we go from Here" on Thursday and Friday 24th & 25th May at the Stamford Plaza Airport Hotel in Sydney. This conference is a follow-on from our very successful Web Services Workshop held on 28th March.

The Conference follows the NEHTA Industry Executive Standards Seminar on 22nd May, 2006, which will provide an update on the latest in NEHTA's work in the standards arena and the Standards Australia IT-014 Joint Working Group Meeting (May 23&24) which will feature perspectives from major national and international players in the health informatics space, updates on national work programs, discussion forums and open IT-014 sub-committee/working group meetings.

How will we move forward with the development of web services? What is the transition from what is here to the future? How is the HL7 community world-wide responding to the challenges of the national eHealth programs? HL7 Australia has put together an exciting two-day Conference featuring renowned international speakers who will give us guidance on the way forward.

The keynote speakers are Charles "Chuck" Meyer, Chairman of HL7 globally and Ken Rubin, Co-Chair of the HL7 Services-oriented Architecture Technical Committee

This conference will provide both a high level overview of the technology as well as a focus on the problem areas best addressed by Web Services and SOA, as well as technical and implementation issues.

Who should attend?

- CEOs
- CIOs
- System Architects
- Systems Developers

*We look forward to seeing you at our 10<sup>th</sup> Conference!*

***Klaus Veil***

*Chair, HL7 Australia*

***Chris Lynton-Moll***

*Board Member, HL7 Australia*
